### **LINCS mourns with the Squirrel Hill Community**

The Long Island Network of Community Services (LINCS)/BiasHELP is in mourning with the Squirrel Hill Community for the lives lost in the horrific attack at the Tree of Life Synagogue in Pittsburgh, PA. We extend our deepest condolences to the families and friends for the loss of their love ones.

Such acts of violence that arise from hate, racial and religious intolerance are what we are dedicated to fight against through our educational programs.

LINCS/BiasHelp provides training and resources to reduce hate crimes, discrimination and bias incidents.
